PROFILE SUMMARY

I am a Frontend Developer with skills in React.js, JavaScript, HTML, CSS, and Bootstrap. I have completed my Bachelor of Computer Applications (BCA) and built Netflix and Zomato clone projects using HTML, CSS, and Bootstrap. I enjoy creating websites that are easy to use and look good. I am excited to work with a team and keep learning in the field of web development.

EDUCATION

.Narsinhbhai Patel College Of
Computer Studies And
Management, Ksv Kadi

- Bachelor of computer application
(BCA)

PROJECT

Netflix-Clone.

- Description: Created a Netflix clone using HTML, CSS, and Bootstrap. This project features a responsive and visually appealing user interface, replicating the look and feel of the Netflix platform.
- Developed components such as the homepage, movie listings, and user navigation to demonstrate proficiency in front-end development and design principles.

Zomato-Clone.

- Description: Built a Zomato clone using HTML, CSS, and Bootstrap, featuring a responsive design with restaurant listings and search functionality. Implemented a clean user interface to mimic the original platform's layout. Utilized Bootstrap for a seamless and adaptive user experience.
